

June 30, 2009

To Prospective Bidders:

The following question concerning the Request for Proposals (RFP) for Bidwell Canyon Marina in Lake Oroville State Recreation Area was submitted by the question submittal deadline of June 1, 2009, but was inadvertently not included with the State's response to Proposer questions by State.

Question submitted by The Weist Law Firm:

- If an appropriate design to condense/accommodate "boats" (including houseboats) is approved by the State, will the State allow more than 800 boats?

No. As mooring customers cancel their mooring agreements and vacate the slip or buoy, the total number of moorings must be reduced to 800.

You may access all materials pertaining to the RFP for Bidwell Canyon Marina at the Concessions website at www.parks.ca.gov. If you have any questions, please call Laurie Blankenship, Concessions Specialist, at (916) 654-8924 or e-mail lblank@parks.ca.gov.

Sincerely,

James A. Luscutoff, Chief
Concessions, Reservations, and Fees Division

cc: Robert Foster, Northern Buttes District Superintendent
